### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Page 1 of the specification, paragraph 1, line 3, after "March 12,1999," the following has been entered -- now USP No 6,610,358 --

Line 3, after "09/267,180," the following has been entered -- now abandoned --

The following is an examiner's statement of reasons for allowance:

The instant invention claims a Kraft paper sheet having a specific structure and composition and a method to obtain such paper sheet.

The closest prior art references that relate to the claimed invention are Jaisle'461, '240, Hagen'579 and Williams'358. The prior art references teach that it is known to make and use Kraft paper having layered structure comprising phenolic resin. However, the prior art of record does not teach or suggest the instant invention wherein the specific structural elements are claimed..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
